- Reduces drift on sprayers.
- Magnetic attraction for greater coverage.
- Residual effect. (staying power)
- Kills algae on wetpad systems.
- Special flood floor system available.
- Clear water for hydroponics.
- No toxic gases.
- Organic approved.
- Easy to install.
- Easy to monitor.

Before

After

Applications:

- Wells.
- Holding tanks.
- Retention ponds.
- Hydroponics.
- Flood floors.
- Wetpads
- Foggers.
- Field irrigation.
- Transplant houses.
- All sprayers.
- Golf courses.
- Hot houses.
- Equipment clean up.
- Cut flower dip.
- All irrigation systems.
- Ariel spraying.
- Fruit/vegetable washes.
- Field harvesters.
- Flume systems.
- Hydro coolers.
